The Story Thus Far:

Ages ago, in the Three Kingdoms era, heroes tried to unite China...and failed. After their defeat, the heroes' spirits came to rest in jewels that can draw out the full fighting potential of those who inherit them. The jewels—known as Magatama—ended up being scattered throughout Japan. Those who possess the Magatama—known as Toushi—fight to become Ikki Tosen: One Warrior with the Power of One Thousand!

Each Toushi's magatama is colored according to that person's rank. The Toushi levels run from the expert A-Rank to the novice E-Rank and each Toushi's magatama is colored to indicate his/her rank.

Hakufu Somsaku is a busty, beautiful teenaged girl with an irresistible lust—for battle! As a Toushi, Hakufu has an insatiable appetite for fighting. At her mother's request, Hakufu resisted her burning desire to beat people up...until a chance encounter with another Toushi at school. Clashing with one of her own wild kind, Hakufu lost her shirt, but won the battle. Once her mother learned of the fight, Hakufu was sent to Nanyo Academy, a school in Tokyo populated entirely by Toushi.

Upon her arrival, Hakufu smacked around almost thirty Toushi...it was her mother's suggested way to make a lasting first impression. Her attempted "dojo-sweep" was cut just short of her goal when she went up against the hulking B-rank known as Gakushu. Hakufu did much better than any novice had a right to...and some might say that Gakushu was the one who suffered more lasting damage from their bout.

The complex politics of the Toushi world can be hard for a newcomer to grasp and Hakufu's cousin/roommate—the Toushi known as Shyuyu Koukin—tries to keep her out of trouble as much as he can. Unfortunately, Koukin can no more keep Hakufu's impulsive nature in check than he can keep her ultra-smokin' bod out of his mind...and both situations are driving him crazy.

However, even Koukin doesn't know the full extent of the twisted plans that seem to permeate the Toushi community and, in a careless moment, he and Hakufu were unwittingly separated for a take-down ordered by the mysterious Enjutsu. Koukin found himself surrounded in the schoolyard and Hakufu was on the wrong side of beating from the creepy Kannel. Just as Kannel was about to finish Hakufu, she was saved by Ryomou Shimei.

Or was she...?
